

## PROGRAM NOTES (Continued)

The Return Of Maytime ..... *Claude Le Jeune*  
Le Jeune, French composer of the 16th century, was a forerunner in writing "measured music," i.e., with definite rhythmic pulsations. With "The Return of Maytime," the composer seems to have deviated a bit from the usual style of the French "Chanson" of this time, which was usually imitative and polyphonic, though the light character of the words is certainly retained.

### ACKNOWLEDGMENTS

We wish to express our thanks and to acknowledge our indebtedness to Dr. Norman P. Weinbemer, Superintendent of the Highland Park Public Schools, and to Dr. Russell V. Carris, High School Principal, for their approval of our project and their encouragement which has led to the realization of this "Spring Concert Choir Tour."

Our thanks go to the girls in the choir, to their mothers, and to Mrs. Mary Branson, Chairman of the Homemaking Department, for efforts that have resulted in the girls being dressed alike.

The men's Spring formal apparel is through the courtesy of Steve Petix Men's Wear, 7433 West McNichols, Detroit. May we urge you to help us repay this generous kindness by giving thoughtful consideration to Steve Petix when choosing a clothier to supply your needs on formal occasions.

The program illustration was prepared by Miss Sue Robinson. Program notes were prepared by Norman Gifford.

For program arrangements, kindnesses, and accommodations, we are deeply indebted to: Clarence Luchman, Bloomfield Hills High School; Dorothy Jean Valentine, Oxford High School; and Ed Getzman, Flint Central High School.
