Dr. Tim White  
Kinesiology Department  
The University of Michigan  
401 Washtenaw  
Ann Arbor, MI 48109

Dear Dr. White:

For the second straight year Cliff Larkins has been selected to serve the Michigan Association of Health, Physical Education, Recreation and Dance in the capacity of Section Chairperson for Research.

Responsibilities related to Cliff's position include serving on the M.A.H.P.E.R.D. convention planning committee for 1989-90. Convention planning responsibilities require additional time commitment during the months of January, February and March. I am hoping that you will continue to give Cliff the same cooperation and support as last year.

All members of the M.A.H.P.E.R.D. convention planning committee are volunteers. Their primary concern is to help improve the quality of Health, Physical Education, Recreation and Dance programs throughout Michigan. I wanted you to know of Cliff's commitment to the M.A.H.P.E.R.D. for whatever personnel implications they might have. Congratulations again to you and your university for having such an exceptional individual as Cliff Larkins on your staff.

Sincerely,

Erik J. Pedersen  
Past-President  
M.A.H.P.E.R.D.
